

## COVID-19 Preparedness Plan Summary

Community of Peace Academy is committed to providing a safe and healthy school for all our staff and students. To ensure that, we have developed the following Preparedness Plan in response to the COVID-19 pandemic.

Our Preparedness Plan follows Centers for Disease Control and Prevention (CDC) and Minnesota Department of Health (MDH) guidelines and federal OSHA standards related to COVID-19 and addresses:

- ensuring sick staff/students stay home and prompt identification and isolation of sick persons;
- social distancing;
- staff hygiene and source controls;
- school building and ventilation protocol;
- school cleaning and disinfection protocol;
- drop-off, pick-up and delivery practices and protocol; and
- communications and training practices and protocol.

This program will be updated as needed to reflect all potential phases, including hybrid models and full-time in person learning.

CAP has designated **the school nurse, Judy Thompson**, as the COVID-19 Program Coordinator, who will be responsible for responding to COVID-19 concerns and will help coordinate with local health authorities regarding positive COVID-19 cases.

A copy of the most current COVID-19 Preparedness Plan will be available on CAP's website.
